

KEP'S MEDALISTS

A Gold Medal-Worthy Team

With the Summer Olympic Games kicking off this month we're already cheering on Team USA, who's been preparing for their chance at Gold and to represent our great country – but we will always celebrate the hardworking teams in our facilities, too!

Two of the shining stars from this month's group are both rounding out 46 years at our Winesburg facility! Congratulations to Darlene Hines, an inspector, and Shirley Shrock, a Production Planner, who both have poured their heart and soul into making KEP successful! Please join us in celebrating all of our KEP team members with anniversaries this month. [Read more >](#)

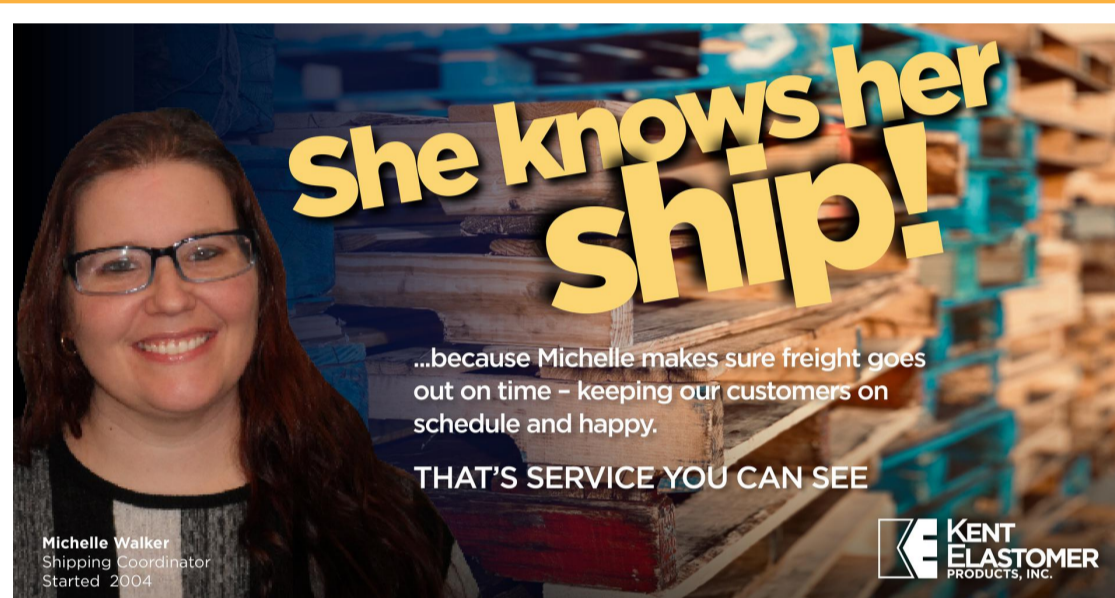

MADE HERE, TRUSTED EVERYWHERE

Trusted everywhere we cheer on the world's best athletes!

Kent Elastomer Products provides exercise tubing to help people stay fit and competitive.

As the only domestic manufacturer of natural rubber latex tubing, KEP exercise tubing is made from quality natural rubber latex that offers excellent durability and performance for athletes during training and rehabilitation. Our resistance tubing ensures a longer life span for a range of exercise applications. [Learn more >](#)

MICHELLE KNOWS HER SHIP

Michelle Walker
Shipping Coordinator
Started 2004

Michelle Walker, KEP Mogadore Shipping Coordinator, has been keeping our freight shipment operations in line since 2004. So, it's safe to say that Michelle *really* knows her ship! From helping customers and our team coordinate unique shipping challenges to making adjustments to meet evolving customer needs, Michelle is the expert you want on your side!
