

EXCELLENCE NEVER ENDS

Achieving Excellence Together

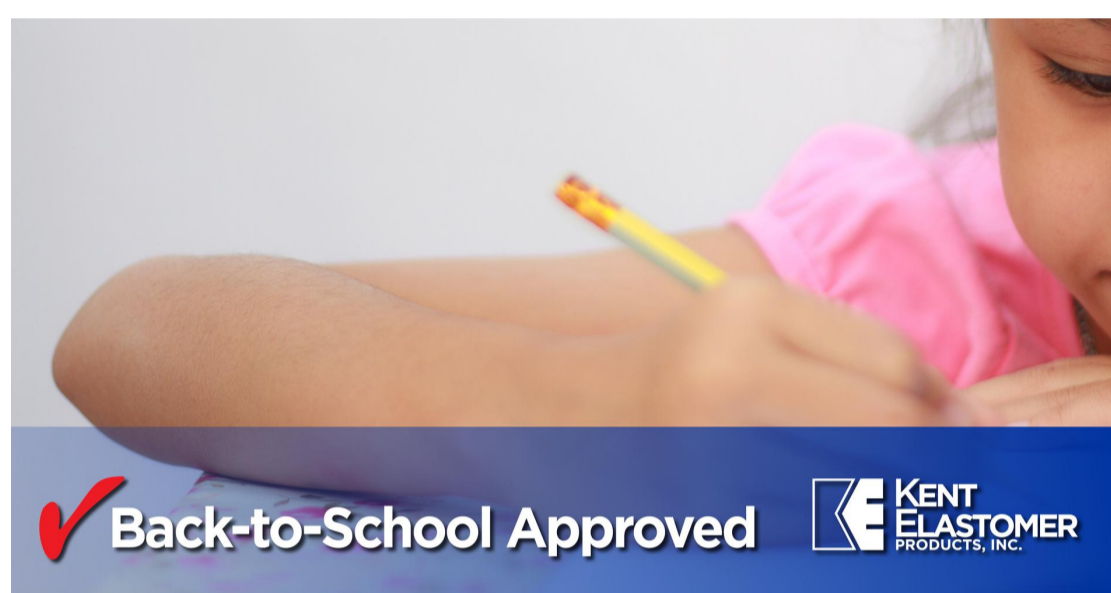

As students head back to the classroom this fall, many returning to in-person learning for the first time in over a year, learning together again is a main focus. Our employees might not be in the classroom anymore – but they know a thing or two about working together to achieve excellence!

A large group of our team players with a whopping 344 years of combined experience are celebrating anniversaries this month, including Curt Dixon, an extrusion operator at our Mogadore facility. Curt began his career at KEP right after graduating from Kent Roosevelt High School in 1977. He's been working hard ever since to earn his place as a well-respected teammate.

See all of our team members with anniversaries. [Read more >](#)

WE'RE BIG FANS OF DON TOMELLO

Don Tomello is passionate about his teams – and a whole lot more. He's proud of his family and is an extremely dedicated KEP employee. In addition to the great job he does training employees, he also cleans the latex machines when they complete a run. His diligent cleanliness keeps our standards high, keeps our machines running like new, and assures high product quality.

HEAD BACK TO SCHOOL WITH KEP

Did you know that KEP products are around every corner this school year? From Friday Night Lights to facilitating bigger smiles, we're proud to help our youngest learners and athletes. KEP products are used to make goal and practice targets for lacrosse, soccer and hockey. And no matter which team you support, there's always cheesy nachos for fans in the stands – dispensed by food grade tubing made by KEP. Our resistance tubing is also relied on by athletic teams for training. And don't forget about the orthodontia retainer bands on children's braces – KEP is there, too!

OUR #1 PRIORITY

“The combination of can-do attitude and technical expertise is powerful.”

- Matthew P., Senior Account Manager

Partnership Is Key

At KEP, we believe that being a great partner doesn't just apply to the relationships we form with our customers, it's equally important to work with our vendors and suppliers to meet goals and strengthen our partnership.

“KEP has been a vital partner for several decades – they are direct, fair and loyal! The team is always professional, courteous, eager and willing to help. The combination of can-do attitude and technical expertise is powerful.”

– Matthew P., Senior Account Manager, Material Solutions Supplier

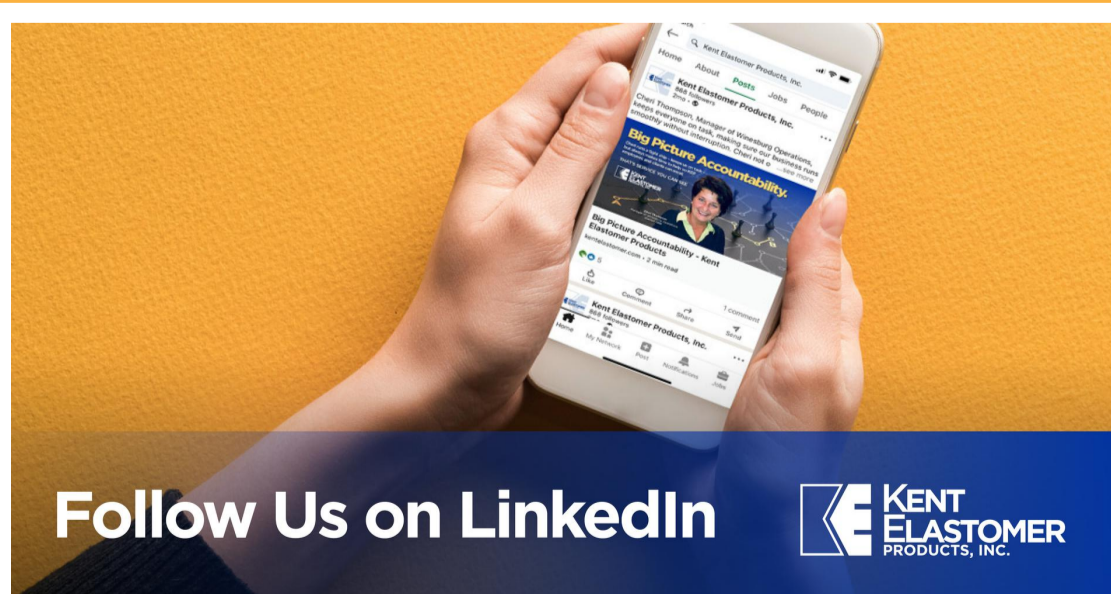

Is true partnership your #1 priority? It sounds like we'd work well together. [Contact us today >](#)

ALL DAY, EVERY DAY

Meet Dylan Bowman

Dylan Bowman, an assembler at our Mogadore facility, has been a KEP team member for two years this September! Dylan is a consistent and hardworking team member whose responsibilities include assembling our custom coil products to our customers' exacting specifications.
