

CELEBRATING INDEPENDENCE DAY

As we prepare for the 4th of July, we celebrate America's freedom – knowing that it didn't come for free. We are grateful to live in this country and to be a company that makes all of our products on American soil. We hope on this upcoming holiday, you celebrate our freedoms with your family and friends!

ANOTHER SUCCESSFUL KAIZEN

We recently added another successful KEP Kaizen to our books! We gathered a team of various KEP employees, all from different roles and facilities, to work together and solve a problem we've been having with our Line 2 Flange Dipping Operations.

SERVICE YOU CAN SEE

Since 2020, Julie Pike has been excelling in her role as Staff Accountant. Whether it's staying on top of payroll to accounts payable and accounts receivable – we can trust that Julie will handle each job with accuracy. She knows time is money and has no problem multitasking, asking the right questions, and keeping tasks moving forward!

Julie's passion for transparency and reliability in our accounting reflects our passion for superior customer service. Our customers can count on our team to provide solutions to problems – but nothing is finished until the customer is completely satisfied. That is the Kent Elastomer promise.

SUCCESSFUL CLIENT RELATIONSHIPS

One of our highest priorities as a company is cultivating healthy client relationships. We love celebrating success stories – times where our thriving connections have led to increased trust or business.

One success story features a health care product manufacturer and distributor. This client distributes our tourniquets to hospitals across the nation. As a growing company with a long list of customers – they need a trusted supplier like KEP! So, what makes a great client relationship? Keep reading to find out!

TEAMWORK MAKES THE DREAM WORK

Meet Nick Stump, an Extrusion Operator who has been with KEP for a little over a year!

In his role, Nick controls and monitors machines that have thermoplastic materials for various industries. He gets excited when his day at work runs smoothly and efficiently – meaning everything is set up properly and ready to go!

MORE THAN A SUPPLIER

"Kent Elastomer is truly more of a partner to us than just a supplier. They have always been excellent with communication, very friendly and personable, and worked well with us in any situation. KEP has been very manufacturing-focused and has helped to keep our costs down. The quarterly pricing model has worked well for us. Whenever we have faced any supply changes, KEP has always worked together with us to get through the challenges."

Michelle M.  
Medical Device Company

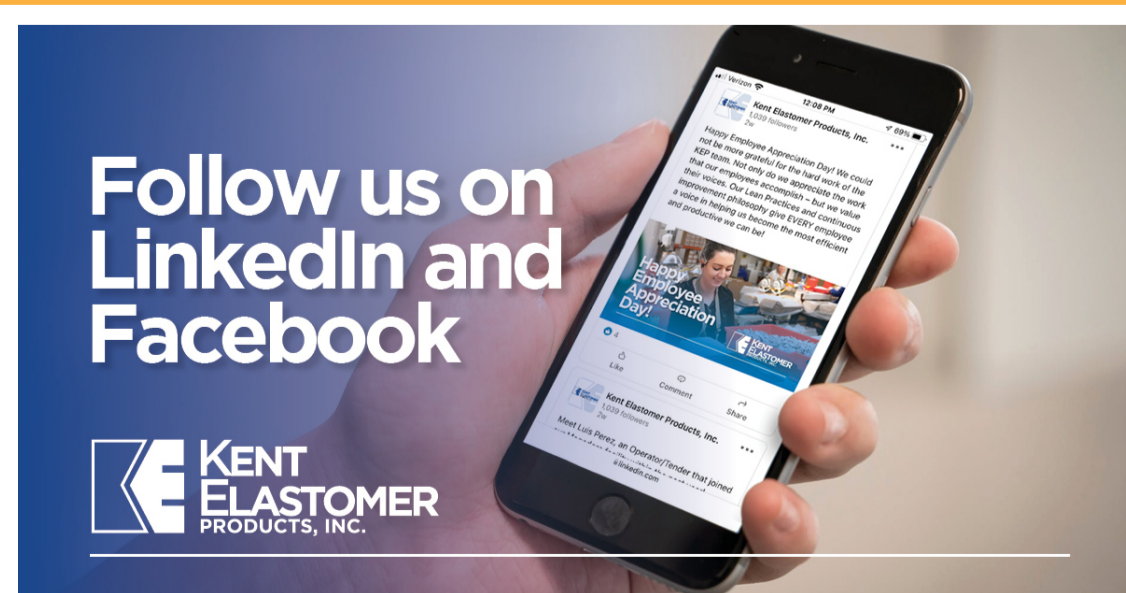

PLENTY TO CELEBRATE!

Summer is a great time to celebrate, especially if you have such an amazing team! At KEP, our team members are the spark that keeps our facilities shining every day. Please join us in celebrating another group with anniversaries this month. A HUGE congrats to Chuck Brady for celebrating 40 years at KEP! Brad Walker and Nancy Miller aren't far behind. We also have four team members rounding off their first year with us – we are so thankful they are here!
